Curtis:

Irrespective of your forthcoming suspension, you are immediately authorized to conduct level 4 surveillance on Richard Francis Tayton and William Cuthbert Robbins. Prima-facie evidence desired for immediate prosecution. Inclusion of criminal risk analysis is also fundamental objective. No sanctions available for telecommunications, postal or electronic measures. Use discretion (authorization for free enterprise support is granted). Internal labor severely restricted. No assistance possible at this time. Report daily. Op. code: vigilante. Use op. code for all communications.

This is a priority one matter. Conclude a week from today with two-day extension option.
